Ethan and the Team Win

Ethan loved playing basketball and wanted to be the best player on his team. In the first half of the big game, he scored many points and felt like a star. But in the second half, the other team started catching up.

Ethan kept trying to do everything himself and didn't pass the ball. His teammates looked tired and left out. The coach called a timeout and reminded him, "Teamwork wins games."

Ethan realised he needed his team and started passing the ball. Liam scored, Sofia blocked, and the whole team played better.

They won the game together, and everyone cheered. Ethan smiled and said, "We did it—together!"
He learned that sharing success feels better than winning alone.
