Zoe and the New Kitten

Zoe had always wanted a pet, and one day, her parents surprised her with a tiny orange kitten. She named it Mango because of its colour.

At first, Zoe was excited and played with Mango all day. But soon, she realised that caring for a pet meant more than just play. She had to clean the litter box, feed Mango on time, and give him fresh water.

One morning, Zoe forgot to feed Mango, and he meowed sadly. Zoe felt guilty and promised to never forget again. She made a pet care chart and followed it every day. Mango became healthier and happier. Zoe learned that being a pet owner means being responsible every day.
